

How to Write a WordPress Post

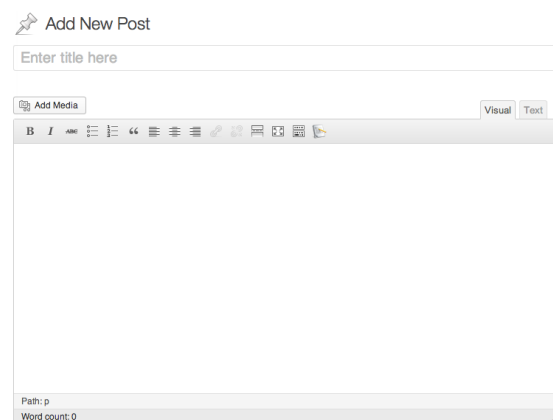

1. Log in to your WordPress Dashboard

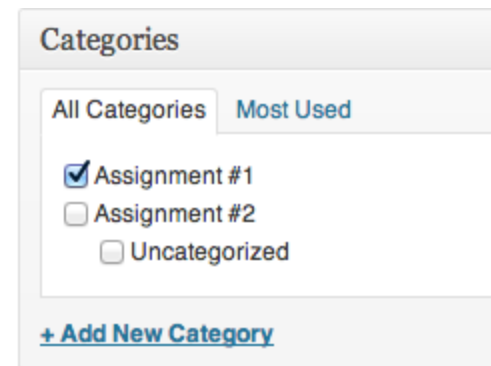

2. Click the “Add New Post” option in the “+ New” pull-down menu.

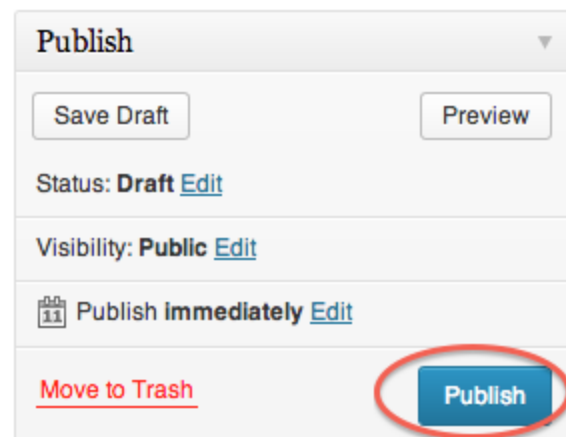

3. Type in the word-processing box; give your post a title.

4. Check the appropriate category.

5. Click “Publish”.

6. Click “View post” to see how your work looks in the blog environment. You can always go back to your post to add content or make changes. Good luck!
