

Announcements

- Problem Set 4 due tomorrow afternoon (10/3).
- Chemistry problem solving session tonight; Dana 134.
- Problem Set 3 in your mail boxes—they look awesome!
- Lab Reports almost done (today)—look good for the most part
 - Part I and Part 2—worth equal amounts. Lab3 grade is average of the two
 - In some cases, I made comments but took off only a few points
 - This will change and more points will be taken off as semester progresses

Announcements cont.

- Exam next Wednesday 10/9. I am leaving town on Saturday:
 - My cell number: 607-277-5609; Skype: deborahsills
 - I am only very busy on Sunday and Wednesday
 - Please call me with questions.
- I've added Office Hours which can be scheduled on Thursday and Friday
- Created a Chemistry Guide Document--posted on website under "Exam Materials."
- Exam Blueprint finished and posted

Gretchen Heavner:

- Get a job, then go to grad school
- As an engineer you will do a lot of writing
- ***“Water chemistry is important for everything!”***
